at
Chatham Library, Gun Wharf, Dock Road, Chatham

Chatham Waterfront

A detailed planning application is being prepared for a mixed-use scheme on The Waterfront at Medway Street. The project will include retail and residential uses grouped around new public spaces between Medway Street and the Waterfront Park. The scheme responds to the character and landscape of Chatham's waterfront and will provide views to River Medway from within and the existing fabric of the city.

If you want to find out more please come along to the exhibition.
