

## **PART 6 - CODE OF CORPORATE GOVERNANCE**

### **1. What is governance?**

- 1.1 Governance is about how the Council ensures that they are doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner.
- 1.2 The Chartered Institute of Public Finance (CIPFA) International Framework: Good Governance in the Public Sector 2014 states that: “To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity’s objectives while acting in the public interest at all times.”
- 1.3 Good corporate governance comprises of a series of systems, processes and values, by which the council is directed and controlled and through which they account to, engage with and, where appropriate, lead their communities.
- 1.4 This local Code of Governance has been developed in accordance with and is consistent with the CIPFA’s Delivering Good Governance in Local Government Framework 2016.

### **2. What is the local Code of Governance?**

- 2.1 The Code of Corporate Governance (the Code) is the cornerstone to the council’s ‘local code’ or governance framework by which the council is accountable to its users and wider community stakeholders. Within that framework, the Code sets out a commitment as to how the council carries out its functions, and the procedures and processes by which it undertakes to deliver our Council Strategy Objectives:

- People: Supporting residents to realise their potential;
- Place: Medway: A place to be proud of;
- Growth: Maximising regeneration and economic growth – growth for all.

- 2.2 In 2017 the Code was subject to review to ensure the council’s arrangements are consistent with the core principles as set out in the ‘Delivering Good Governance’ framework, published by CIPFA and the Society of Local Authority Chief Executives (SOLACE). The CIPFA-SOLACE framework “defines the principles that should underpin the governance of each local government organisation”. The established principles are set out in the table below, alongside details of how we will comply with these principles.

### **3. How do we make sure we comply?**

- 3.1 The council regularly reviews and reports against its governance arrangements. The Monitoring Officer monitors compliance with established policies, procedures, laws and regulations. The Section 151 officer advises on

financial matters, is responsible for keeping proper financial records, and for maintaining a sound system of internal control.

- 3.2 To assess compliance, the council conducts an annual review of the effectiveness of its governance framework and system of internal control. The results of this review, carried out in line with the core principles of the Code, inform the production of the council’s Annual Governance Statement, and are presented as part of the Statement of Accounts.
