

## Strood Town Centre Improvements - update

**A** Cuxton Road to remain one-way. Priory Road / Cuxton Road priority to remain as is.

**B** Gun Lane/Frindsbury Road priority to remain as is.

 New architectural lighting at railway arches, St Nicholas Church building and grounds (subject to planning and final approval)

### Public realm improvements:

- 1 Station Road/Commercial Road pedestrian island – high quality paving, new trees and feature lighting to create new gateway
- 2 Commercial Road/Knight Road – new landscaped area and trees
- 3 High Street – new landscaped areas and trees
- 4 Angel Corner – addition of feature lighting
- 5 Friary Precinct – new trees, feature lighting and granite spheres
- 6 High Street/Commercial Road – new trees, granite paving, seating area and feature lighting
- 7 Station Road/High Street – new trees, granite paving, seating area and feature lighting
- 8 Station Road approach to Strood Train Station – new paving, trees and relocated pedestrian crossing

### Elements to be completed:

- Upgraded traffic signals to the High Street/Station Road junction
- Final installation of LED street lights providing better quality and more energy efficient lighting
- Improvements along Station Road including new road surfacing, raised tables and cushions
- Planting of trees and shrubs across the scheme area
- Installation of new architectural lighting at railway arches and St Nicholas Church building and grounds
- Controlled crossings to pedestrian island at Station Road/Commercial Rd
- Updated directional signs
