Dear Mr Court

I have received your email to the Programme Officer dated 19 September. It is for the Council to undertake the additional work relating to the Lodge Hill proposal, and you should approach them directly with a request to participate.

Turning to the letter from Mr Woodfield dated 18 September, I can assure you that my comments were not intended as an implied or explicit slur on his or his company's integrity.

I have no knowledge of Mr Woodfield's experience as an expert witness, as I have not received any biographical details. This is not a criticism, just a statement of fact. I am pleased to note that Mr Woodfield's 'conclusions' set out in his previous letter are based on the evidence to hand and that he retains an open mind.

My correspondence has already been published on the Council's website but I have asked the Programme Officer to arrange for this further correspondence to be added.
