### Watercourses & Defence Infrastructure

- Main Rivers
- Flood Defences
- Medway administrative boundary

*A number of datasets have been used in the derivation of the mapped extents. The datasets used may have been intended to be viewed at a range of map scales, and therefore this map is not designed to be viewed at a site-specific scale. However, due to the methods used in deriving these extents, a more accurate assessment of the distance from a watercourse/defences may be required by the Environment Agency.*
